

Turf Care Program

St. Augustine

Early Spring - (Late February - Early March)

5-5-25 (w/.86% Propendi)

Andersons exclusive formulation prevents crabgrass, foxtail, goosegrass, Poa annua and other grassy and broadleaf weeds. 50 lb. bag covers 12,500 sq. ft.

Spring - (April)

24-5-11 (50% NS + 3% FE) 50 lb/12,500 sq.ft.

or 22-2-4 (25% NS w/Trimec) 40 lb/12,500 sq.ft.

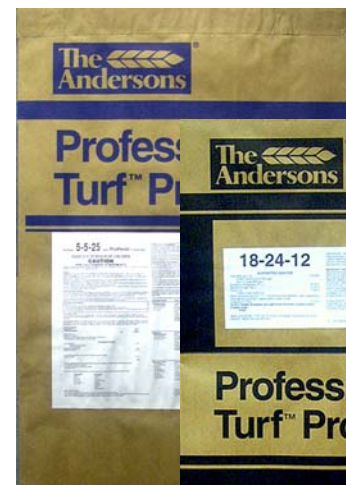

A choice of an excellent spring green-up fertilizer with 3% or a small particle size fertilizer for improved broadleaf weed control.

Summer - (June & July)

24-5-11 (50% NS + 3% FE)

Excellent green-up fertilizer.
50 lb. bag covers 12,500 sq. ft.

Fall - (September)

5-5-25 (w/.86% Propendi) 50 lb/12,500 sq. ft.

or 18-24-12 (25% NS) 50 lb/12,500 sq. ft.

A choice of fall pre-emergence fertilizer or a nitrogen source for fall overseeding.
